**Join Mister Chris, Wishing Well and All the Farm Friends  
for Season Two of *Mister Chris and Friends***  
*Emmy-nominated Kids Show Premieres This Fall on Vermont PBS*

Colchester, VT – June 24, 2019 – Wishing Well granted our dearest wish, and the Emmy-nominated series [Mister Chris and Friends](#) will be back for a fun-filled season two! Join Mister Chris and all his friends for more songs, wishes, and journeys this fall on Vermont PBS.

“We are filming here in our studios and around the state to bring young Vermonters and their families season two of *Mister Chris and Friends*,” says Holly Groschner, President and CEO of Vermont PBS. “The joy we shared in season one earned an overwhelmingly positive response from critics, parents, and our most important viewers, kiddos. Vermont PBS continues our tradition of providing family-friendly educational content by expanding our trusted offerings through this home-grown, gently paced program for our most impressionable and sensitive young audience. Our role in serving families and teaching community, kindness, and connection is important to children now more than ever.”

*Mister Chris and Friends* season two will feature new songs and the adventures of “Mister Chris,” performed by Chris Dorman. “So many families have reached out to express their heartfelt connection to the stories we shared in season one,” says Chris Dorman, “and we are listening, and the stories of season two will aim to reflect the real life experience and the wishes of children watching *Mister Chris and Friends*.”

New episodes mix curiosity, song, and friendship with Science, Technology, Engineering, Arts, and Mathematic (STEAM)-based concepts. Season two of *Mister Chris and Friends* celebrates themes of change and transition throughout its six episodes. The sound of spring peepers inspires an exploration into the life cycle of frogs in one episode, and in another the search for a missing dog provides an opportunity for a sensory adventure about tracking animals. New family moves to the farm and inspires a conversation about what someone needs to feel at home.
